Do this by making a gross sales web page for the new book, but don't embrace a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different prices on every page. Make sure your sales copy is strictly the similar on each

page, and consists of your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and gross sales of your book. This may inform you what your optimum worth is.
