An effective approach for figuring out a value is to send out a survey to your present customers. If these prospects have already bought a book from you, ask for his or her opinion in terms of price. Do that by making a sales web page for the new e-book, but do not embrace a value on that page. page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. It will inform you what your optimum price is.
