An efficient technique for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new book, but do not include a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate sales pages with totally different costs on each page. Make certain your gross sales copy is precisely the same on every

page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum value is.

In the end, when you've written a ebook that solves a drawback or presents a brand new approach, your guide will bring in each traffic and profits.
