Do this by creating a gross sales page for the new e book, however don't include a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with totally different costs on each page. Be sure that your sales copy is precisely the identical on

every page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum price is.

In the end, for those who've written a ebook that solves a problem or presents a new approach, your guide will herald both visitors and profits.
